

## *MetaCause Process Improvement Award 2008*

### Application Form

- A prize of €1000 is offered by MetaCause to an engineer or engineering team who have successfully demonstrated an increase in productivity through the use of process improvement techniques.
- Applications are invited from engineers in the investment foundry and supply industries to submit a process improvement case study using six sigma or similar lean manufacturing techniques.
- The case study should be no longer than four A4 pages and care should be taken to avoid disclosing confidential information. Applications together with an accompanying case study must be received by 14<sup>th</sup> March 2008. Successful applicants will present their paper and be presented with their award at the EICF technical workshop in the Giesserei-Institut, Aachen, April 15-16, 2008.
