

EICF 27th International Conference & Exposition
Kraków, Poland, May 16-19, 2010

“European Heritage”

Call for Papers

The EICF Kraków conference provides a perfect opportunity to inform the investment casting industry of market predictions and of advances in casting technology, product development and management practice.

Papers will be allocated to oral presentations or posters and will be presented in the lecture theatres in the Auditorium Maximum within the prestigious Jagiellonian University.

Technical sessions will be held on Monday May 17 and in the morning of Tuesday May 18, the schedule for presentations will be as specialist sessions.

Monday May 17

- The state of the industry including market surveys and future predictions
- OEM and customer requirements from the industry
- Technical advances in casting technology and process materials
- Technical advances in process control and inspection

Tuesday May 18

- Product development and innovation.
- Research papers

Authors are invited to send a title and abstract of no more than 150 words to the EICF secretary-general: d.ford@eicf.org by February 28, 2010. Papers will be considered by the conference technical committee and authors informed of their acceptance by March 12, 2010. Please indicate on your abstract if you wish it to be considered as a poster.
